Introducing A New **Buddy Program!**

What is the buddy program? Buddy programs for people living with HIV/AIDS have been a vital part of HIV/AIDS services for decades. Now, as the majority of people living with HIV/AIDS are 50+ years old, isolation and the need for personal and social support has seen a resurgence. Being Alive was approached to start a new generation of a buddy program to address not only the needs of a population aging with HIV, but also to assist newly diagnosed people on a shorter-term basis to adjust to their new diagnosis.

If you're interested in **HAVING** a buddy, please email Ross at rmeredith@beingalivela.org to be put on the list.

If you're interested in **BEING** a buddy, also reach out to Ross at rmeredith@beingalivela.org

Our buddy program coordinator will be reaching out to follow up with those interested.

Participants will receive fantastic support, gift cards, and invitations to special activities.

A new program funded by the U.S. Centers for Disease Control and Prevention and the County of Los Angeles, Department of Public Health, Division of HIV and STD Programs to End the HIV Epidemic.
